We recently met to discuss the above-captioned grievance at Step 3 of the grievance/arbitration procedure.

After review and discussion of the grievance, and in full and final resolution of all matters, the parties agree to the following:

To resolve the grievance at the lowest possible level, the parties will remind Management of their responsibilities under the Joint Contract Interpretation Manual regarding the proper use of PS Form 1723, including the requirement to provide the form to the Union prior to any 204B assignment.

2022 JCIM, on page 23 states:

204(b) DETAIL

PS Form 1723, which shows the times and dates of the 204(b) detail, is the controlling document for determining whether an employee is in a 204(b) status. A separate PS Form 1723 must be used for each detail and a copy of the Form 1723 shall be provided in advance, to the Union at the Local Level.

It is further agreed that this settlement is reached on a non-citable and non-precedent basis (except for enforcement of its own terms) and does not constitute a waiver of either party's position in similar cases. No Step 2 meeting and or written position by Management. RFI withheld without reason or explanation.

Sincerely,

Robert
